Does the State require a degree program to include a specific number of credit hours (e.g. 45, 48 or 60 semester credits)? If so, how many credit hours are required?

Arkansas requires 60 semester graduate hours acceptable to the Board. In addition, a grade of “B” or above is required in each of the required 60 hours. The Arkansas Board rules specifically state that brick-mortar (traditional in-classroom) and distance learning courses are accepted if the courses meet the standards adopted by the board.

What type of institutional or programmatic accreditation is required?

Applicants for licensure in Arkansas must have a graduate degree in marriage and family therapy or related field from a regionally accredited institution. The graduate semester hours must meet the national academic and training content standards adopted by the Board from the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE) or the Council for Accreditation Counselor Related Education Programs (CACREP) or equivalent. Distance/Cyber/Electronic education degrees will be treated the same as onsite education degrees if the degrees are primarily professional counseling or marriage and family therapy in content and are earned from a regionally accredited institution of higher education and the distance education degree programs are accredited as required.

The definition of distance learning/education acceptable to the Board for licensure purposes is a formal education process in which instruction occurs when the student and instructor are not located in the same place. Distance learning adds technology to the learning environment by a variety of means, such as web sites, e-mail, video conferencing, and videotapes. Instruction may be synchronous or asynchronous. Video tapes may not comprise more than 20% of the instruction time in any one course. The responsibility for documenting that each course, content and presentation, meets the standards for Board endorsement and acceptance is the responsibility of the granting institution and the applicant. The Board review and acceptance/denial of each Cyber/Distance/Electronic course is mandated prior to the application being processed for any Arkansas license issued by the Board.

Does the State require the program to have COAMFTE or CACREP Accreditation?

While Arkansas strongly encourages these accreditations, they do not require these accreditations.

Does the State accept a COAMFTE accredited degree without requiring the applicant to list specific courses on the license application?

No.

What courses does the State require an applicant to have taken in order to be have met this educational requirement for licensure?

Arkansas requires that all graduate semester hours must meet the national academic and training content standards adopted by the Board from the Commission on Accreditation for Marriage and Family Therapy Education (COAMFTE) or the Council for Accreditation Counselor Related Education Programs (CACREP) or equivalent. The following five areas are deemed essential educational training for the practice of marriage and family therapy. Course Equivalents: 3 semester credits.

This material should be integrated with systems concepts. Examples of courses: human development, cross-cultural studies, child/adolescent development, human sexuality, personality theory, etc. One of these 3 courses must include Psychopathology. Test and measurement courses are not accepted toward this area.

Arkansas requires that practicum include at least five hundred hours supervised client contact.

**How many supervision hours must a student obtain during practicum?**

While Arkansas does not specify a minimum number of supervision hours during practicum, they do require that the direct client contact hours must have been supervised by site supervisors assigned by the university in addition to the university’s faculty’s supervision.

**What is the required length of practicum in this State?**

Arkansas requires a practicum that lasts a minimum of one year.
Post-Graduation Requirements

What are the minimum number of years of clinical experience a graduate needs to obtain a license, the minimum number of client contact hours, and how many of these hours must be relational hours?

Marriage and Family Therapists licensed in Arkansas at the associate level must complete three years of Client Contact Hours (CCH) with supervision. One year is defined as 1000 supervised CCH. One year is referred to as Phase I for the first year, Phase II for the second year and Phase III for the third year. The supervision must be provided in the following manner:

(1) Year I (Phase I) is supervision of 1,000 CCH and the minimum of one hundred hours of supervision. The ratio of supervision is one hour of supervision for each 10 hours of client contact.

(2) Year II (Phase II) is supervision of 1,000 CCH and the minimum of fifty hours of supervision. The ratio of supervision is one hour of supervision for each 20 hours of client contact.

(3) Year III (Phase III) is supervision of 1,000 CCH and the minimum of 25 hours of supervision. The ratio of supervision is the minimum of one hour of supervision for each 40 hours of client contact. Two options are available for year III, see Section (e).

One year of experience may be gained for each 30 semester hours of graduate work beyond the Master’s level, provided the hours are clearly marriage and family therapy in nature and acceptable to the Board. Hours earned may be substituted for no more than two years of supervised professional experience.

Additional Note:

If the three years of supervision, defined as Phases I, II, and III, are not completed in six calendar years from the date of the LAMFT license issue, the LAMFT license may not be renewed unless the individual holding the LAMFT license can document extenuating circumstances, acceptable to the Board, that would allow the Board to extend the six years.

All Licensed Associate Marriage and Family Therapists must have a Board-approved supervision plan/agreement prior to providing any therapy services.
